**Riverbank rebuild, driveway resurface and 15 tree stumps removed.**

10

Verified Review

What an excellent job Dave done, he rebuilt 150ft river bank in my back garden with 80t of topsoil, so skilled in a digger, also he resurfaced our driveway with ice white and black stone and finally he removed 15 tree stumps at the front of our house. I would highly recommend D1 Excavations to anybody, my property looks fantastic.

**Excavate driveway and entrance footings, spread and level MOT1 subbase, grub out, create spoil heaps.**

10

Verified Review

Dave was punctual and completed everything quoted for, and more, within the agreed one day. The job was to complete the formation of a 200 sqm drive and entrance in preparation for surfacing. He is clearly an expert excavator operator, gets on with the job and offers experienced guidance if needed. I highly recommend him and will definitely be calling on his services again.

July 2021

**Digging out footings, digging holes for trees and digging out ponds**

10

Verified Review

Absolutely fantastic service from Dave. Saved me a lot of time and money and made tricky jobs look easy. Dug out some beautiful wildlife ponds, did the footings for a wall and dug holes for mature trees. Somehow managed to get 1 tonne trees in their holes and solved a couple of very tricky problems which arose. I got the impression there is nothing that Dave could not do. He works very hard and is very fair priced. Cannot recommend highly enough. If only all tradesmen were like Dave!

**Work was to excavate trench, install root barrier and reinstate ground to tackle bamboo root issue**

10

Verified Review

D1 excavations were excellent and I highly recommend them for all groundwork's. I received a quick response to my initial enquiry, followed by a site survey a day later and then the work was completed within the same week. D1 took care to ensure the excavation, installation and reinstatement works were all done fully and to the standard requested. They were also on hand to support with some key advice for next steps to help us complete the garden work. Great friendly service too which really put me at ease as this sort of work was very new to me. Thanks D1

I was given a job from a customer that required extensive digger work , I was given contact details for D1 excavation so I contacted Dave ((D1) and he was more than happy to come and do jobs required . I briefed him on jobs that needed doing and he got stuck into them and I found his work was of high quality , he made it look so simple,when asked by customer to do extra jobs he more than happy to do them , one thing I noticed was how clean and tidy he left areas he'd worked on.. I'd definitely be using D1 for future projects .

**Removal of 15 large tree stumps**

10

Verified Review

D1 Excavations provided a brilliant service. We got a quick quote which was really good value and D1 were flexible when discussing when to start the work. Once on site, we were really impressed with the speed and quality of the work. Dave and his excavator made a challenging job look easy. Despite it being a messy job, Dave left a the site exactly as we wanted it. He is clearly very experienced and happy to share his knowledge. If you need an excavator and operator, get in touch with D1 Excavations - you'll get a realistic quote that's good value and a skilled operator you can trust.

### **Footings and landscaping**

10

Verified Review

The contractor, Dave, was easy to work with, he has a can-do attitude. He was on time and stayed until the job was finished. I found him conscientious, good natured, and a grafter. He is open and confident, a pleasure to have on the premises.. I am very pleased to be able to recommend this person, he has been a good find and my neighbour has already booked him to renew his driveway. He was very competitive on price and will accept you supplying your own sourced materials or he will do this for you.
